

SN 10/614,772  
Docket No. S-100,626  
In Response to Office Action dated September 20, 2005

#### REMARKS

Claims 1-5 are pending in the current application.

Per the telephone conversation with Examiner on November 17, 2005, the term "radially disposed" has been removed from Claim 1, as it does not have proper antecedent basis within the specification and drawings. Further, a typo in paragraph 3 of the specification has been corrected to properly denote that the fins are labeled "11a" in the drawings.

Applicant's attorney would be pleased to further discuss this matter by telephone with the Examiner if the Examiner concludes such a discussion would assist in moving this case to issue.

No new matter has been added as a result of this supplemental response.

Date: November 17, 2005
